

# HIGHLIGHTS

## at the Pays de la Loire Pavilion B6 & C8

Wednesday 22 September

**12:30-2:00pm** Official opening of the Pays de la Loire pavilion by Claire Hugues, Vice-president of the Pays de la Loire Regional Council, responsible for maritime affairs.  
This will be followed by a reception.

**2:00-2:30pm** Discussion between skipper Benjamin Dutreux and the EMYN team.  
Take a dive into the offshore projects of Benjamin Dutreux, skipper in the Vendée Globe.  
Coffee

**4:00 - 5:00pm** A look back to the region's call for projects to develop a planning and optimisation tool for installing wind farms and the associated logistics.  
Renewable energy provider WPD Group won the regional call for projects "Résolutions", and picked a budding company AC-Way to deliver solutions for optimising the logistics, assembly and installation of floating wind farms.

**5:00pm** *At the Neopolia stand: Signing of the Neopolia/EDF renouvelables agreement extension.*

**5:30pm** "Major novelties for the SEM-SEV offshore test site".  
Presentation of the demonstrator projects Lhyfe and Eolink.

Reception with oysters and Muscadet served.

Thursday 23 September

**9:00-10:00am** Pôle Mer Bretagne Atlantique "Hydrogen and marine renewables: many opportunities together".  
Speakers from LHYFE, Port de la Turballe, WPD Offshore, Pays de la Loire Regional Council and EMEC Scotland.

**11:00-11:30am** *At the Neopolia stand: Signing of the Neopolia/EMYN agreement extension.*

**12:00-1:30pm** "CREOCEAN turns 30"  
CREOCEAN CEO Denis Valance and his team put on a cocktail reception to celebrate this event with their partners and clients.

**2:00-2:30pm** Come and talk with EMYN's technical and procurement teams.  
Q&A session about the progress of the Yeu and Noirmoutier wind farm project.  
Coffee

**4:00pm** Interreg synergy for marine renewables.  
Accelerate your business with OPIN, MEA, FAN-BEST, BLUE-GIFT, Ocean DEMO, and AFLOWT
